ATLANTIC 4X4 DUNE EXPERIENCE

This experience will provide guests with a morning of adventure in pure luxury. Experience the capability of a state-of-the-art Land Rover Discovery (LR4), learn new skills and tackle some of the most challenging terrain you'll ever encounter. Equipped with latest off-road vehicles from Land Rover, guests are invited to enjoy a truly scenic and engaging discovery. Trained guides together with qualified and accredited instructors from Land Rover Experience Western Cape have conceived the ultimate winelands & seaside picnic adventure. This morning it is off to explore one of Cape Town's hidden treasures, an offroad dune paradise. Way off the beaten track, along the West Coast north of of Blaauwberg Strand, where the only prisoner ever to escape Robben Island landed.

Guests will again be allowed to pilot a Land Rover Discovery (LR4) in a safe and protected setting along the North Atlantic coast on one of the region's largest sand dune fields. In this amazing white sand setting, the luxurious adventurer will be taught important skills and allowed to pilot a vehicle across the sands. After a dose of fun and some adrenaline, a gourmet picnic will be catered for on the dunes. Enjoy uninterrupted views of Table Mountain and Robben Island from one of the many vantage points.

The vehicles will also be stocked with sand-boards, so that you can try your hand at sand-boarding down the dunes. After a few basic instructions you will be blasting down a sand dune in no time at all. Anyone can enjoy sand boarding as long as you have some level of physical fitness. Those who find walking back up the dunes too laborious can enjoy the comfort of the Land Rover as your make-shift ski lift.

SENSORY JOURNEY OF DISCOVERY

The balance of the day is spent exploring the non-traditional and unique offerings that the Cape Winelands has to offer. Hidden in the shadow of the Cape sandstone and granite mountain complex that is "Paarlberg-Mountain", you will find the "Spice-Route". Centuries ago, anyone with a desire to explore exotic flavours and experiences would have needed to wait for the seasonal return of the traders travelling the Spice Route. Fortunately, these days a journey of discovery is easily reached, a sensory feast for today's connoisseurs of craftsmanship and authenticity.

The Spice-Route was inspired to bring together artisanal food crafters and craftsman of arts together into a space where they could be enjoyed. Here, you will find everything bears its creator's personal touch. From single origin chocolatiers to craft brewers of beer, to glass-blowers, to a distillery and a confectioners bakery that will delight you. "The vision for Spice Route is to offer visitors a selection of hand-picked artisanal producers who put as much thought, skill and passion into their products, as the wine-makers of the Cape Winelands put into their wine. If time permits drive past Victor Verster Prison, from where Nelson Mandela was finally released in 1990, after his 27 year period of incarceration. The drive amongst the mountains, farms, vineyards and sand dunes all culminates to offer guest touring with Ellerman House a day where their fun and pleasure is by design.

CITY ORIENTATION & BO-KAAP WALKING TOUR

This half-day tour puts guests in touch with the very earliest days of Cape Town.

Visit the District Six Museum (and District Six, itself) and the Bo-Kaap, previously the old slave quarter. Our specialist guide will help deepen your understanding of the city's history through engaging with local families in the Bo-Kaap community.

Bo-Kaap (roughly translated to High Cape) is aptly named as the small suburb that sits high on the slopes of Signal Hill, overlooking the Cape Town city bowl. The very first fragment of land 'gifted' to the Muslim community by the Dutch, is easily identified by the colourful homes of the residents. Many theories linger as to the genesis of this animated colour palate chosen for the buildings, all of which will be delved into by your guide. Experience true South African hospitality, while enjoying a delicious home-made meal. With pre-arrangement, you can join in the preparations and learn about the Cape Malay cooking techniques.

EXPLORE THE PENINSULA

INCREDIBLE VISTAS

The most Southwestern tip of Africa, Cape Point, is where it is fabled that two oceans meet. Learn how the treacherous rocks running along the Atlantic Seaboard came to be known as the "Ship Graveyard" or why Bartholomew Diaz called the this place "Cabo de Tormentas" (Portuguese for: Cape of Storms) and what changed in the 200 years following that caused Jan Van Riebeeck to anchor in Table Bay and proclaim it, "Die Kaap van Goede Hoop" (Dutch for: The Cape of Good Hope). Cape Town's Chapman's Peak drive is both dramatic and beautiful. Hugging the face of Chapman's Peak Mountain, this pass offers breathtaking vantage points that rise up to 593 meters above sea level. Driving along this particular route is special in that it offers views at every one of its 114 curves that necessitate, slow careful driving, allowing one to enjoy it all the more.

AT ONE WITH NATURE

The residence of the African Penguin, famous for its animated displays is on Boulder's Beach in Simonstown. Here is where the Cape's nature takes center stage, as the birds put on an animated display. The uniquely conceptualized Boulders Beach penguin interaction allows the animals to freely roam while guests are restricted to a generous boardwalk. One is able to view the African Penguin in its natural habitat without disturbing or infringing. Cape of Good Hope Nature Reserve will provide you with an opportunity to view animals like the Cape Mountain Zebra, the mischievous Baboon and the blissful Ostrich, all of which reside in the reserve. At Cape Point Nature Reserve one can also find a plethora of one of the Cape's most outstanding natural attributes, the "Fynbos Floral Kingdom" that is indigenous to this region.

ELLERMAN HOUSE WINE

Wine is taken very seriously at Ellerman House, and the hotel's 7500-strong collection of South African wines represent both established and emerging labels from the Western Cape's world-renowned wine regions. Many of the wines in the collection are rare or special releases augmented by sought-after vintages bought on auction. Wines from the cellar are only made available on the hotel's wine list once they have been optimally aged and are deemed ready for enjoyment at peak maturity. Many of these fine wines are also available by the glass without compromising on quality, thanks to the Le Verre de Vin preservation system. The depth of the wine list allows guests to try verticals of vintages whereby the same wine can be sampled over various releases. Integrating outstanding contemporary architecture with breathtaking sculptural elements and cutting-edge design, the Ellerman House Wine Gallery is not only a showcase for this extensive, award-winning wine collection but offers guests a unique, interactive journey into the world of wine.

It aims to bring to life South Africa's 350-year old heritage of winemaking, providing an environment for tasting and learning about local wines as intriguing and inspiring as the wine itself. Sophisticated storage is provided in state-of-the-art wine racks and separate, temperature-controlled maturation cellars for white and red wines. The gallery incorporates an interactive multi-media wine library and Brandy Tasting Lounge. There is also a Champagne Cellar, stocked exclusively with rare and special vintages of Dom Pérignon.
