

SIX SENSES

ZIGHY BAY

EXPERIENCES

WELCOME TO SIX SENSES ZIGHY BAY

Welcome to Six Senses Zighy Bay, the jewel of Oman, where the rugged mountains of the Al Hajar Mountains dive dramatically into the calm azure waters of the Musandam Fjords via a mile-long white sandy beach.

The resort is designed to awaken your senses by stimulating your mind, refreshing your body and providing a calm haven for your soul. Whether you want to stay active or take time out to relax, you'll find a perfect balance of adventure and wellness which is totally in tune with the incredible natural environment.

NOTHING ABOUT YOUR STAY HERE WILL BE ORDINARY

*Where else can you make a grand entrance by scenic four-wheel drive, speed boat or paraglide?**

Here, time can be forgotten. Choose a slow-life philosophy by tasting organic Arabic dishes and wine at our restaurants, indulging in locally-inspired spa treatments, soaking up the sun at the private beach or pool villa or tracing your name in the stars.

If you do want to drag yourself away from total tranquility, then the Musandam Peninsula is the perfect natural playground for adventure seekers of all ages – from sunset cruises to diving, hiking and gliding through the skies.

We have crafted the following experiences to inspire you to plan your unique Six Senses Zighy Bay journey, so that you can enjoy unique moments in and around our private hideaway. Combined with our uncompromising level of service, we hope that these moments become magical memories that stay with you and your loved ones long after you've left.

**Paragliding is tandem with our professional paraglider.*

PARAGLIDING

Let your soul fly free

Peaceful and exhilarating are two words that you wouldn't often use together... until you take flight by paraglider. One minute you're on our launch pad located 960 feet above sea level, and the next minute you're soaring with the birds accompanied by the sound of the breeze as you gently descend toward a soft landing on the sands of Zighy beach below.

People often describe paragliding as "freeing"; and your pilot will ensure you are comfortable as you sit back and soak up the beautiful views of the Al Hajar Mountains, ancient fishing villages and the expansive Gulf of Oman. The flight time depends on how many warm thermals you catch. We recommend mid-morning to early afternoon for optimal flying conditions.

MICROLIGHT

Glide the Gulfstream

Take to the skies in one of the world's most maneuverable aircrafts, for another thrilling signature aerial experience. This flight will showcase the resort, Miam Beach and Dibba town from a dizzying 1,640 feet above sea level.

You'll be in the expert hands of our pilot who will ensure a first-class flight that will have you seated directly behind the controls with a perfect bird's-eye view of the surrounding countryside. You'll feel like the star of your very own adventure movie: an unforgettable experience that your family and friends will be desperate to try after seeing your video footage.

SABATYN

Watch the sun sink over the Grand Canyon of Musandam

Explore the rugged beauty of the Sabatyn plateau from the comfort of the resort's air-conditioned off-road fleet. Take an easy trek through the timeless village of Sabatyn, which stretches along the mountainside with wonderful views to Wadi Al Bih. You'll pass a wealth of petroglyphs (rock carvings), stone towers and ancient houses from a vantage point of almost 4,000 feet above sea level.

You can choose when to take this scenic one-hour drive: either in the morning to include a picnic lunch, or during dusk to toast the majestic sunset over the mountains with a glass of refreshments and selection of canapés.

VILLAGE TREK

Go back in time in the mountains of Dibba

If you're longing to see the world from somewhere other than the inside of an office, then this is about as far from business-as-usual as we can get you. The ancient Omani villages, farms and heritage sites among the mountains of Dibba are miles and centuries away from today's bustling cities.

As you explore the site on foot, you'll learn about cultural relics and tombs that, according to important archeological discoveries, date back to the seventh millennium BC.

Not for the faint-hearted, this mountain bike experience caters to the extreme sports enthusiast. Lace up your trainers and stretch out those legs - it's time to tackle the mountains. This is the chance for you to reconnect with nature and ride your way down the rugged terrain of Oman's Al Hajar mountains on an adrenaline-fuelled adventure.

Our team will drive you to the summit and ensure you are comfortable with the equipment, terrain and pace for maximum enjoyment as race your way down the mountain.

HIKING

Trek the Zighy Bay Mountains

For those who want to enjoy the simplicity of Zighy Bay's surroundings while staying active and healthy, why not become a nomad for the day and roam the tracks and trails of Smugglers Bay?

This trek follows the natural pathways of the coastal mountains with a few opportunities to take a cooling dip along the way, ensuring that the best views are taken in while your stress is taken out.

DIBBA FORT AND FARM

Make a day of it with a fort, farm and feast

Dibba Al-Baya, throughout history, was attacked and conquered by several regional and colonial powers. Today, this classic border town hosts a traditional fort which has been converted to a museum. Combine your trip with a visit to our lush organic farm complete with greenhouse and orchard, and learn how to make charcoal. You can also see the traditional FALAJ, an impressive Omani irrigation system.

Our expert culinary team will prepare a unique and private dining experience at the farm for you upon request. A hint - we recommend having breakfast!
