

SONG SAA  
PRIVATE ISLAND

# FAMILY ACTIVITIES

## Message in a bottle

Our Robinson Crusoe bottles are hidden all over the island; search to find the mini prizes (there are 10 to find at any one time, with some just for children!).

## Treasure Hunt

This one is a little more difficult and requires a lot of family team effort to solve the clues from the Treasure Map to win the prize at the end of the hunt. Our Guest Experience team will be happy to issue but cannot be bribed for answers!

## Sunset Movie

USD \$300++ for private venues (2 - 8 persons)

One of our most memorable family experiences... we can organise an outdoor cinema for you at Driftwood (on suitable nights). Choose your favourite movie, sit on beanbags with popcorn and drinks served, and experience the sun change colour and disappear before the starry sky arrives.

## In-Villa Movie Experience

USD \$50++ per villa per day

Enjoy a movie from the comfort of your own villa; choose from the In-house Movie Selection and book your screen with our Guest Experience team.

\*Activities subject to 10% service charge and 10% tax.

## Pizza Making Class

\$15 USD++ per child (2 - 4 Children)

Fun for all the family! Let their artistic side come out. Includes a children's fresh juice.

\*Activities subject to 10% service charge and 10% tax.

## Family Tree Planting

By arrangement, our team will organise a Coconut Palm planting in conjunction with an environmental awareness session on protecting the earth.

## Children's Yoga

Our Spa team will organise a short stretching activity at the Pool Deck or on Vista Deck for children as an introduction to yoga.

## Children's Mini Spa

Our Spa team will organise hair braiding, mani/pedi training or face painting on certain days.

## Children's Nature Trail

Our team will organise a Children's Nature Trail Adventure on certain days.

## Sala Song Saa

Take a tour with our Foundation team to where it all began and find out about the efforts of Song Saa Foundation and the Private Island to support the communities of Cambodia. Requires approximately 90 minutes.

## Private Five Mile Beach Picnic

USD \$1,200++ per trip (2 - 6 persons with guide)

Take the fast boat to an unspoilt beach to feel like Robinson Crusoe for the day! We will set up a wonderful picnic for you as well as snorkel gear to explore the marine environment. You will also have opportunities to snorkel during transit to and from the beach!

## Guided Snorkeling Safari

USD \$25 ++ per person

Borrow snorkel gear to explore Song Saa's 'House Reef' which is found all around Vista overwater restaurant and lounge and snorkel around the House Reef with a Marine Biologist from the Foundation team.

Please show extra care when using fins to prevent damaging corals.

## Bioluminescence

USD \$80++ per person (2 - 4 persons)

Our location is one of the few lucky places in the world to naturally house Bioluminescent Plankton in the water on a regular basis after dark.

We recommend travelling to deeper waters by boat for a more spectacular experience! Please discuss with your hosts if you would like to get in the water and snorkel with this amazing underwater 'light show'.

\*Activities subject to 10% service charge and 10% tax.
